

Lemons Whiten and Beautify the Skin! Make Cheap Lotion

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier. It is about the cost of the most expensive cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoothen and beautifier.

Just try it! Make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to remove all blemishes and bring out the hidden roses and beauty of any skin. It is wonderful for rough, red and chapped skin.

Your druggist will sell three ounces of orchard white at little cost, and any grocer will supply the lemons.

Some Men Always Need a Shave

They are the boys who can't see any sense in wearing a clean collar. You call them muckshaws. They are always complaining. They think everyone is out to do them. They are the ones who say: "Aw, you can't sell me that stuff." Of course, we can't. They know more than the people who put their practical experience into "that stuff." So we paid our good money for this adv. because we wanted to talk to "Live Wires." Many of you never had a chance to find out the expert and practical experience of others without a big investment.

WE AIM TO GIVE YOU

that chance right now. Every "Live Wire" is doing some planting this year. You can turn the garden experience of others into profit for yourself if you read
